

## BUILDING BRIDGES FOR GENERATIONS TO COME!

### Holy Ground

A few weeks ago a couple from the Boston area stopped by White Mountain Camps on their way north to see the colorful leaves. Both were eager to share how much this place blessed them especially their children. Both of their children were campers and then summer staff. Both were impacted for Christ. After a short conversation in the office lobby they asked to see the Wright Lodge. While walking through the Coach Room to the deck over-looking the pond both shared great memories of past experiences. Their faces smiled as so many good thoughts came rushing through their minds. Out on the deck before leaving we stopped to pray. We thanked God for the many things He did in the past and asked Him to continue to use White Mountain Camps to reach many people in the future. As Sam prayed he began to weep and said, *"this place is holy ground, use it for Your glory"*.

The Wright Lodge is used all-year-round. Many groups are able to do their entire retreat using just the Lodge. If walls could talk they would share of night time prayers before bed, teens sharing their struggles to friends or counselors around the meal table, husbands and wives agreeing to give their marriage to the Lord, and voices joining together in praise to God Almighty. For over 70 years the Wright Lodge has been hosting guests. Our alarm systems keep our guests safe during their stay. But our systems are outdated and unable to be repaired. They need to be replaced.. Our systems are working presently but not for long. We need to replace these systems before we are unable to safely have guests at the Lodge. Will you consider helping with this project of keeping the Lodge operational for generations to come?
